AN DER THERME
BAD ORB ★★☆☆

PERFECT LOCATION

The Hotel an der Therme Bad Orb is an elegant domicile in a green park landscape, directly connected to the futuristic Toskana Therme: an invitation to bathing in light and music, borne by champagne brine from the natural spring.

Enjoy the saline water at body temperature, floating in Liquid Sound®, and the spacious sauna world. The wooden floor of the hotel's terrace is reminiscent of the sun deck of an ocean liner. Here, too, you can easily find yourself in a state of floating.

Perfect for vacationing and recovery, for conferences, seminars, and small festivities. The spa park begins right in front of our door; well-tended paths will entice you to take a hike in the nearby forests of the Spessart or a stroll in Bad Orb's historic center.

LUXURIOUS LODGINGS

Varied décor and timeless classical accoutrements of the 112 capacious rooms and suites with a view, your own balcony facing green spaces, bathroom and WC with a bathtub,

writing desk, comfortable chairs, telephone, cable TV, minibar, and many further details arranged with love will make your stay a restorative experience.

The way to love is through the stomach. To health and happiness as well. — Dine with enjoyment in the stylish ambience of the Kurpark Restaurant. The Il Ristorante in the Toskana Therme will surprise you with fresh, light, and Mediterranean cuisine. — You will be completely relaxed and in the middle of the action in our Enoteca & Foyer Bar: a glass of wine from our well-stocked Enoteca, a freshly tapped beer from the region, all kinds of longdrinks or non alcoholic fitness cocktails; the exquisite taste of an organic Fair-Trade espresso for excellent coffee culture.

ENJOYMENT
IN STYLE

Immerse yourself in a different world — In the Toskana Terme, water comes alive with Liquid Sound®. Concerts of the spheres, sound and light will stimulate your fantasy and render your body almost weightless. — Relaxation comes very easily in the thermal brine at body temperature in the seven swimming pools and whirlpools. Spacious 800 sqm of water surface indoors and outdoors, including a 20 x 10 m fresh water swimming pool, fulfill every wish.

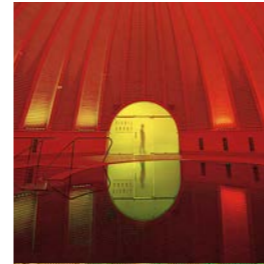

FLOATING
WEIGHTLESSLY

GENTLE RECOVERY

Natural Salt Water “Champagne Bath” from the healing springs — Bathing without feeling cold, floating without practicing. This can be done in the world’s most natural medicament. The thermal brine from the Philipp Spring and the Ludwig Spring is saline and of body temperature. — The warm saline water rapidly opens the pores of the skin, and has a harmonizing effect on body, spirit, and soul thanks to its high proportion of lithium. The salt water binds acidic remnants stored in the body tissue. Fluoride has a remineralizing effect; iodide has a positive influence on the thyroid. — Magnesium and calcium have an anti-inflammatory influence on the skin and on the mucus membranes, have an antiallergenic effect, disinfect, soothe, and free the skin from scales. Iron helps to regain energy. Manganese assists in the regulation of the metabolism.

A VARIETY OF STIMULATIONS

In peace. Find serenity. — Taking a sauna is beneficial to health and strengthens the immune system. Instead of monotonous sweating in cramped quarters, stimulating

variety on more than 1,000 sqm. In addition to such classics as the Finnish sauna with hourly pourings and the steam bath, you can also linger in our “Lektarium,” a sauna for

reading with a broad scope of books and newspapers and our “literary pouring” - readings at elevated temperature on every last Sunday in the month. — Resting zones, whether

with a view of the outside world or turned inward, sociability around the “Hearth,” a refreshment at the bar, or relaxation beneath the tent roof in the sauna garden.

FEELING OF
UNENCUMBERED
WELLBEING

Wellness with a view — Let your body and spirit find rest in our rooms designed with wonderful clarity and with a view into green spaces! — For us, it has long been no secret that the transition between medicine and wellness is fluid. Whoever feels well is more resistant to ailments, or recovers more quickly. — Combining your sojourn with an individual treatment of your choice is a sustainable investment in health and wellbeing. We will be happy to advise you!

FRESH IDEAS

Balancing between work and relaxation — With our thirteen meeting rooms, including a convention hall measuring 294 sqm, we provide the right environment for successful conferences, conventions, and presentations. — Modern conference and communications technology, brain-food buffets,

and menus of your choice, individual framework programs. Please let us know your wishes - we are here for you! — Convening as an holistic experience thanks to a combination of warm baths, Liquid Sound®, and sauna world, connected to the hotel by the comfortable direct corridor.

Activities combining nature with culture — Bad Orb is nestled as in a fairytale amongst the wooded mountains of the Spessart Nature Park, one of Germany's largest contiguous forest realms. The Brothers Grimm, who grew up in nearby

Steinau, already harkened to these forest sounds. — The magic of this place has a lengthy resonance - set out to witness it! The spa town has numerous alluring sites: the Bad Orb graduation house (salt works) . Bad Orb's springs and drinking cures .

Germany's longest barefoot path. Introductory courses to golf on the nearby 18-hole golf courses . The Brothers Grimm Museum in Steinau . First-class hikes on the long-distance "Spessart Arc" hiking trail . The nature experience

open-air swimming pool . Mountain biking . Take a ride through the idyllic valley of the Au River with the little steam railway called "Emma." And much more.
