HOTEL  
AN DER THERME  
BAD SULZA

# IDYLIC LOCATION

**Enjoy hotel-class pampering in the Tuscany of the East** — Get up on the tips of your toes: in Bad Sulza, you're in the middle of the Tuscany of the East – castles straight out of medieval poetry, and wine from the sunny slopes of the Ilm and Saale Rivers. With the cultural Meccas of Weimar, Jena, and Naumburg at your doorstep. Where the roads intersect – there is the center.

The Hotel an der Therme Bad Sulza is a place for maintaining and restoring health with a charm all its own.

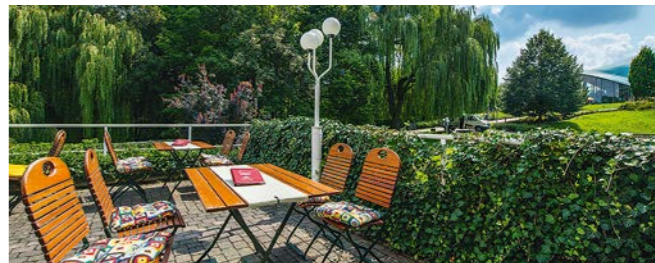

Two separate hotel buildings standing on the park-like area are directly connected via bathrobe corridors to the spectacular Toskana Therme.

The guests stroll leisurely through the spacious outdoor meadow, the Wunderwald, and three hotel houses whose clear structure alludes to the style of "State Bauhaus", where they discover designer furniture, works of contemporary artists, and extraordinary projects.

Surrounded by the magical Wunderwald, connected directly to the Toskana Therme via the bathrobe corridor, stands **House 1** of the hotel and wellness grounds. — This house's 81 non-smoker double and family rooms are furnished in the modern, utilitarian Bauhaus style. Besides their view of the landscape, they also offer a telephone, TV, shower/WC, and hairdryer; some of them have wooden floors and a balcony. — At the bar in the lobby, you can treat

yourself to a glass of regional wine, a freshly tapped beer, a variety of cocktails and fruit juices, or Ayurvedic herbal teas. — Let yourself be pampered with culinary delicacies on the idyllically located hotel terrace with its view of the Toskana Therme. — Have your health sustainably fortified by a session in the Ayurveda center or in the hotel's fitness area. — Various leisure amenities such as billiard and pingpong tables make your all-round package perfect.

MODERN  
AMBIENCE

# FINDING REPOSE

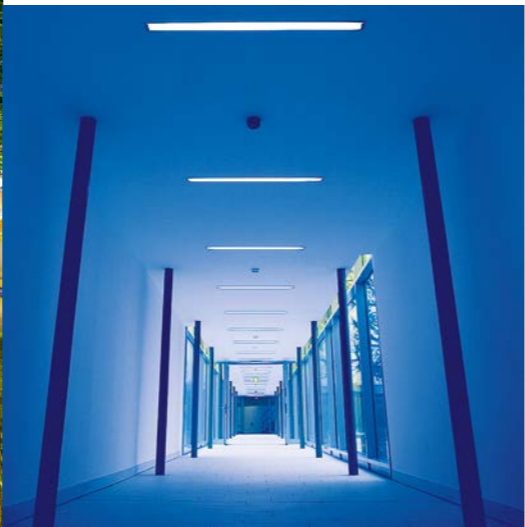

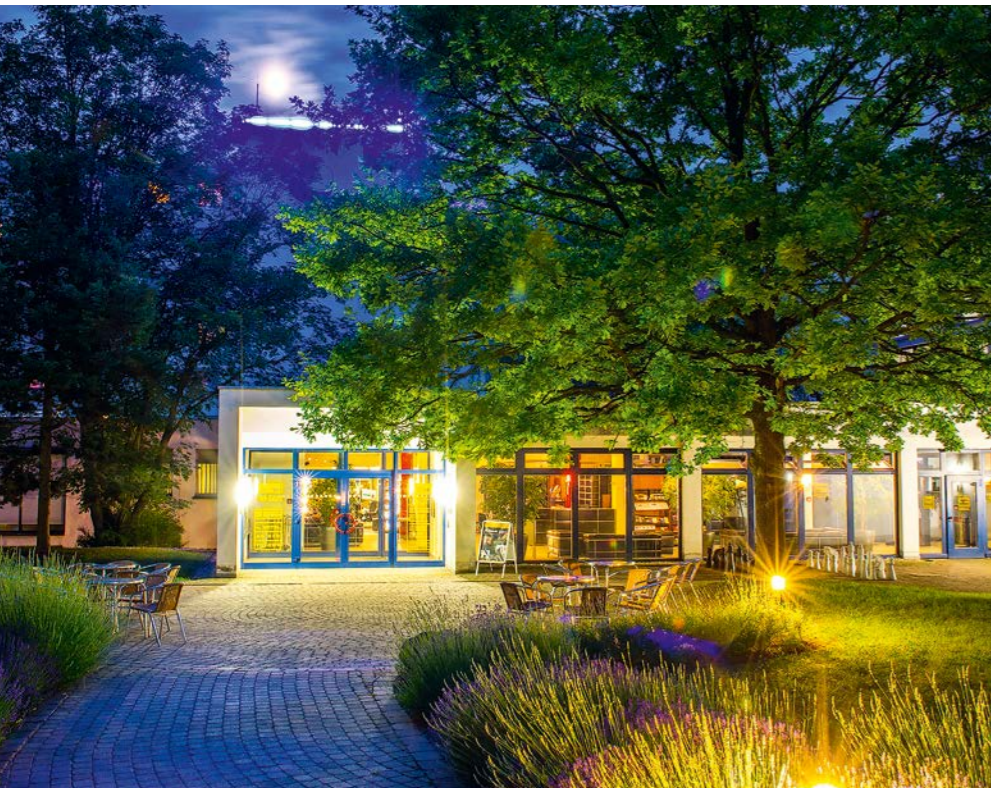

Above the Toskana Therme and connected to it via the bathrobe corridor is **House 2**. — This house's 60 non-smoker rooms directly

adjoining the clinic center in House 3 are straightforwardly furnished. They have a telephone, TV, shower/WC, hairdryer, carpets, and a French

balcony, some of them with a view of the Toskana Therme. — Close your eyes, relax, and enjoy the quietude to be found here on the Lachenberg.

Enhance the fitness of body and spirit with outdoor chess directly in front of the house, or on the volleyball court right next to it.

## OPTIMAL VIEWS

Up on Mount Lachenberg, above the Toskana Therme and connected to it via the comfortable bathrobe corridor stands **House 3** with its integrated rehabilitation clinic center. — This house's 155 non-smoker rooms are available for booking as single and double rooms, or as twin bed rooms with a partition between the two beds. They have a telephone, TV, shower/WC, and hairdryer - some of the rooms with wooden floors, some of them with linoleum.

Enjoy the wonderful panorama of the Toskana Therme, the town of Bad Sulza, and the surrounding idyllic landscape. — The health complex consisting of Houses 2 and 3 has its own massage and bathing section with applications of cure mediums, as well as medical offerings and services of private physicians. The reclining meadow is available for relaxation in the fresh air, and the library for reading material. A boutique is also there for browsing.

**Health and happiness – also for food and drink** – Felix means “happy” in Latin – a fitting name for the uncomplicated restaurant in House 1. Look forward to regional wholefood delicacies from the à-la-carte kitchen. Felicia is Felix’ sister – the panoramic windows of the restaurants in House 2/3 provide a bright and friendly atmosphere. – If half board is chosen, varied titillations for the palate will await you in both restaurants: from traditional Thuringian cuisine through healthful delicacies to sweet dreams. – The Il Ristorante in the Toskana Therme will surprise you with fresh Mediterranean cuisine.

ENJOY DELICACIES  
FOR THE PALATE

**A concert hall filled with water** – In the Toskana Terme Bad Sulza, our guests float on their backs in warm thermal brine, moving as in a dream – for music is playing underwater!

Atmospheric light displays, always discreet and ever-changing, round off our musical bathing. Liquid Sound® – bathing in light and music – opens new dimensions in bathing enjoyment.

MUSICAL  
BATHING

# LEARNING TO FLOAT

## Healing spring from the Triassic sea

— Bathing without feeling cold, floating without practicing - this can be done in the most natural medication in the world. The thermal brine in the “Johann Agricola Brine Spring”

is of body temperature and saline. — The warm brine facilitates swift opening of the pores in the skin, is slightly basic, and has a harmonizing effect on the body, the spirit, and the soul thanks to its high lithium

content. The saline water binds acidic remnants in the body's tissue. Fluoride has a remineralizing effect, bromide calms the nerves, iodide has a positive effect on the thyroid. — Magnesium and calcium have

an anti-inflammatory effect on the skin and the mucus membranes, are antiallergenic, disinfect the skin, and remove scales. Iron helps to gain energy, manganese assists in the regulation of the metabolism.

The Sauna of the Future opens up the pores and the flow of energy, stimulating the body's own rhythms. Enjoy expansiveness, repose, the panorama of undisturbed nature; immerse in the virtual 360-degree image world inside the "Fulldome" cupola; let all of your stress fall off. — The theme saunas

from classic to avant-garde are ordered in a semicircle: from the Finnish sauna over the infrared sauna with panoramic view of the sauna garden to the Lektarium - where you can read while sweating and sweat while reading. — Relax in the resting zones on elegant wooden floors, beneath a bold wooden roof, in the sauna lounge around the "hearth," or with a refreshment at the sauna's bar.

STIMULATING  
RELAXATION

**Wellness above the average** — It has long been clear to us that the borderline between medicine and wellness is diffuse. — Those infused with a feeling of well-being have greater resistance against illness, and recover more swiftly. Combining your sojourn with an individual treatment of your choice is a sustainable investment in health and well-being. We will be happy to advise you!

## RELAXED RESTORATION

# ACTIVE RESTORATION

**Leisure and wellness offers free of charge** – The secret is a balance between tensing and relaxing: after activities that brace the body and the mind, our pampering program is doubly beneficial.

Fitness training for everyone . Introduction to yoga  
Nordic walking in the Wunderwald . Walking in Bad Sulza's cure park  
Group spinal gymnastics . Group gymnastics against osteoporosis  
Aquatic gymnastics in the Toskana Therme . Explanation of Liquid Sound®

# INSPIRING ENVIRONMENT

## Active and healthy conventions

— The Conference Center and the seminar floor offer optimal solutions measuring 40 to 353 sqm for every requirement. Whether convention, seminar, or banquet, up to 300 persons can convene or celebrate with us in a creative balance with nature and relaxation. The combination of warm baths with Liquid Sound®, Sauna World, and the Tuscany of the East turns every event into a holistic experience.

— Modern convention and communication technology, brain-food buffets and individual program structuring supplement all this into an all-around package for a successful event. — Our very special event location, Goethe's Garden House 2, an exact copy of the original in Weimar, is the somewhat different place for conclaves or workshops, and offers a unique setting for weddings and celebrations.

# PICTURESQUE CULTURAL LANDSCAPE

There's a lot to discover in the middle of Germany: Weimar, the capital of the German classics; Naumburg, with its famous 800 year-old cathedral; the bell foundry city of Apolda; Jena, with its fascinating Zeiss Planetarium. — The Toscana of the East invites you to explore it: the biking triangle of the Ilm River Valley leads through the Thuringian wine gate in Bad Sulza past idyllic vineyards directly onto the Ilm Valley bicycle path. You can also take wonderful strolls here, go hiking, or ride on a Segway. A tour with a canoe or a rubber raft can show you the region from a different perspective.

## HOTEL RESORT SCHLOSS AUERSTEDT

The Hotel Resort Schloss Auerstedt stands for regenerative sojourns with culinary and cultural temptations. Apartments and holiday cottages with modern furnishings are in charming contrast to the historic ambience.

## HOTEL ELBRESIDENZ AN DER THERME BAD SCHANDAU

The combination of health and happiness, art and culture gives the five-star hotel a special atmosphere of relaxation. Exclusiveness is created by a laid-back ambience, impressive rooms and timeless dwelling in the hotel's own Aurora bath with sauna world and sun terrace.

## HOTEL "ZUM RITTER" FULDA

The hotel and restaurant "Zum Ritter" is your host in the heart of the Baroque city. For 130 years, it has embodied cultivated hospitality and traditional charm. Here, historic atmosphere and contemporary comfort blend into a perfect liaison.

## HOTEL AN DER THERME BAD ORB

The Hotel an der Therme Bad Orb is an elegant domicile in a green park landscape. The bathrobe corridor connects the hotel to the futuristic Toskana Therme: an invitation to bathing in light and music, kept afloat by "champagne bath" from the natural salt water spring.
