

## Liquid Sound Festival 2025

When autumn arrives, humanity divides into two groups. One group – the majority of the world's population – has no idea and will find it hard to believe that there are three thermal spas in Germany that host an exquisite underwater music festival at the same time. Between Saturday afternoon, Nov 1st, and Sunday morning, Nov 2nd, it brings together outstanding artists who introduce the half-dancing, half-dreaming audience to the experience of musical bathing. All night long!

The other group, however – a committed, steadily growing minority – has long since entered the traditional Liquid Sound Festival in their annual calendar. After Christmas, Easter, and the summer holidays, the Liquid Sound Festival always follows on the first weekend in November at the Toskana Thermen Bad Sulza, Bad Schandau, and Bad Orb. Shortly afterwards, it's Christmas again.

That's how it has been for the past 23 years, and that's how it will be on the weekend of November 1-2, 2025. The program highlights shows why it is worth being there, regardless of which of the two groups of people you belong to.

## Toskana Therme Bad Sulza

Highlights from the program, which lasts several hours: Joshua Sam Miller with "Sounds of the Ocean". A magical journey of sound and images through the world's oceans. Live music and visual art are enriched with the sounds of whales and dolphins, which can be heard underwater. Conveying a sense of the beauty and fragility of our oceans is in line with the history of Liquid Sound – musical communication with whales. "Sounds of the Ocean" has thrilled audiences worldwide, including at the UN Ocean Conference in Lisbon and the Burning Man Festival. But only at the Liquid Sound Festival can you experience it immersed in water! [www.soundsoftheocean.com](http://www.soundsoftheocean.com)

Another highlight we are looking forward to is the Cambodian-Berlin father-son duo Thet à Thet with Sonny and Anthony Thet. [THET À THET KÜNSTLERHAFEN - Welcome to the Artists' Harbor](#) Their interpretation of "Purple Rain" is unforgettable. [Purple Rain with Thet à Thet - live @ Liquid Sound Festival](#)

We then welcome Martin Herbst, who has just released his electronic dream music on an album with the beautiful title "Mystic Moments". [Martin Herbst | imaginative soundscapes](#)

Because analog sounds are just as much a part of the festival's spectrum as digital ones, we are looking forward to accordion virtuoso Alexander Voynov. [Alexander Voynov - News](#)

Media artist Conzum from Jena is responsible for the visual design of the festival night in Bad Sulza. Through his VJ work at the FullDome Festival at the Jena Planetarium and other events, he is very familiar with immersive experiences. [conzum \(@conzum.art\) • Instagram photos and videos](#)

## Liquid Sound Club

When we say that the Liquid Sound Festival goes "all night long," we mean it. The Liquid Sound Club team puts together the program for the dream bathing time between 1:00 a.m. and 9:00 a.m., which is particularly popular with night owls. To experience this, a special late- night ticket is available for €17.00

from 1:00 a.m. and only at the box office.

This year, the legendary all-round artist Kraftfuttermischwerk will be performing at the Liquid Sound Club at the festival. [Kraftfuttermischwerk – Love. Freedom. Everything! And music.](#)

The show continues with Noxlay™ <https://soundcloud.com/noxlay>, the resident DJ at the [www.liquidsoundclub.com](http://www.liquidsoundclub.com). Noxlay™ is a DJ, Booker and music enthusiast. He lives in Weimar, Germany and has been active as a regional DJ and promoter of electronic music since the late '90s.

Last not least, DJ HouseHerr takes the stage for the Festival finale with the traditional early morning mist music.

## In Summary

Music as defined by the Liquid Sound Festival is ein a calm, varied flow that invigorates the mind and lets the body float. The longer the state lasts, the more the Ein pressure intensifies, in ein to live in a world without time pressure. To round off the experience, there is early morning mist music between the last dream in the deck chair and the first espresso in the bistro bar. Those who step out into what is likely to be a gray November morning after the festival will feel colorful and refreshed.

## Tickets

### **Festival admission is included in regular spa admission**

As in previous years, regular spa admission applies to the Liquid Sound Festival, with no extra costs for guests. Day tickets for November 1 remain valid until 9:00 a.m. on Sunday morning. Tickets are not available in advance, but vouchers can of course be redeemed for admission to the festival.

### **Particularly good value: the Late-Night (*Tiefnacht*) Ticket!**

The later the evening, the more the motto applies: bathing is the new nightlife! That's why night owls and friends of the Liquid Sound Club can purchase a late-night ticket for 17 euros per person. It is valid from 1:00 a.m. on November 2 and allows you to visit the entire Liquid Sound Club program until 9:00 a.m. The late-night ticket is only available at the box office from 1:00 a.m.
